## Page Settings

PRIMARY URL

https://local.XXX.noyes-tech.com

Loaded in full screen when the app is launched.

USER AGENT STRING (OPTIONAL)

User Agent/5.0 (like Lizard) Silver/80.0.2940 Firefox/500.21

Used to identify the browser when performing a web request.

OVERRIDE USER AGENT STRING (OPTIONAL)

User Agent/5.0 (like Salamander) Trek/600.20

Updates reported user agent after web request is complete.

OPTIONS

Require Full Screen Video

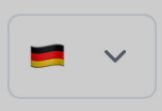

Extend View Beyond Safe Area

Require Full Screen Video: Forces all media playback to happen with the full screen iOS video player, rather than inline on the page. An app restart may be required for this to take effect.

Extend View Beyond Safe Area: Puts web view into true full screen by placing it behind the home indicator. Also hides the status bar and autohides the home indicator.

Stadium Browser 1.2.1 (11)
